

MINIMALIST
LOCK SERIES

RK.4111.MSN

Material: Aluminium alloy

RK.4110.BLK

Size

Magnetic suction lock body door handle can effectively reduce the noise generated by opening and closing the door. It is very suitable for use in bedrooms, study rooms, offices and other rooms that need to be kept quiet.

Door lock handle details:

- Product name: Door knob with key/Door handles withlock/Door lever lock set
- Color: A,B,C,D,E
- Material: Aluminium alloy
- Adapted door thickness: 35-50mm
- Door opening direction: Universal
- Whether with key: YES
- Center distance: 60mm
- Latch Type: Magnetic lock body
- Applicable scene: bathroom, studio, balcony, porch, patio, kitchen, bedroom, closet, living room, dining room, home office/study, utility room/laundry room, corridor, garage, toilet

THE 5TH GENERATION MORTISE LOCK CASE

- Rotor: Solid investment-casting stainless steel 304, anti-rust, stronger and more durable than brass and zinc alloy.
- Cam: Solid investment-casting stainless steel 304, anti-rust, stronger and more durable than brass and zinc alloy.
- Casing: High class imported EGI(electric galvanized) steel, higher grade fingerprint resistant, thickness 1.5mm.
- Latch: Solid investment-casting stainless steel 304, anti-rust, stronger and more durable than brass and zinc alloy, easily reversible for left and right handing.
- Deadbolt: Solid stainless steel 304, reinforced with two hardened steel inserts, anti-saw, anti-rust, stronger and more durable than brass and zinc alloy, offering maximum protection and security.
- Forend (thickness 3.0mm)/Strike plate (thickness 1.5mm): Solid stainless steel 304 or brass.

The Structure Of 81 Series Cylinder

Double-row-pin With
Construction Key Function

THE 3RD GENERATION HIGH-1 TECH CYLINDER

- High-tech solid brass cylinder (Brass for housing, core/ plug, pins and nut).
- Machined by precise CNC (Computer Numeric Control) equipments according to the most strict QA standard.
- Keyway: Double-Row- Pin technology,10 pins, pin- combinations are much more than international standard, extremely security.
- Construction key function available: Each cylinder with 5 pcs OWNER keys +1 pc CONSTRUCTION key, all keys are made by solid brass, thickness 2.5mm.Hardened process for tail- piece, stronger and more durable.
